**PRODUKT CATALOGUE**

## About KletterRetter

Dave

KletterRetter has been designing specialised products that specifically cater for the needs of climbers since 2013.

From hand cream for climbers through to chalk, finger tape, first aid, training products and more, we offer climbers high quality products to boost performance.

Because we are climbers ourselves, we think like climbers and understand how important the right products are and how much difference they can make.

We are a regular sponsor of events, competitions, clean up days and various projects at crags.

Jildou

Sabine

Sustainability and the environment are especially important to us as climbers. Our hand cream tubes are manufactured with 50% less plastic than standard cosmetic tubes. We also offer a range of vegan products and products made from FSC wood. We offer a number of products in plastic free packaging, support the protection and conservation of bees and plant hundreds of trees every year to further reduce our CO<sup>2</sup> footprint.

## Before, during or after climbing – KletterRetter saves your skin!

### Skincare Page 4-5

Dive into our skincare collection, specially crafted for climbers like you. From hand cream and balsam to foot cream and sunscreen, we offer everything your skin needs to stay hydrated, nourished, and ready for any challenge. Experience the perfect blend of protection and care with KletterRetter skincare products.

### Chalk Page 6-7

Discover our diverse chalk collection of chalk, tailored for climbers of all levels. From fine chalk to crunchy chalk and cream to liquid chalk, we offer a big range of high-quality products to provide you with the necessary grip and peace of mind while climbing. With chalk available in various forms, refillable chalk balls, and practical chalk bags, you will be optimally equipped for your next climbing adventure.

### Tape Page 8

Prepare optimally for every climbing situation with our tape assortment, indispensable for injury prevention and first aid. Offering high-quality tape in 15mm width across five different colors (white, blue, green, red, and pink), as well as 50mm wide white tape, we cater to your every need. Supplement your rack with our practical first-aid kits for added safety while climbing.

### Accessories Page 9-11

Expand your climbing arsenal with our versatile range of accessories. From training products and mini carabiners to climbing brushes and travel ashtrays, we offer a wide selection of practical equipment. Enhance your gear with useful gadgets like the bottle opener, stainless steel lunchbox, and titanium camping shovel for unforgettable experiences, no matter where you are.

### Distribution Page 12-13

Take a look at our extensive brand portfolio and discover a variety of high-quality products. With our selection of premium brands such as SmellWell, YY Vertical, and Kula Cloth, we provide you with the opportunity to use innovative and reliable products specifically designed for climbers.

- ✓ Small, practical and effective
- ✓ Prevents bacteria growth
- ✓ Keeps fresh for the entire season
- ✓ Perfect for shoes, bags and sport equipment

## KULA CLOTH® KULA CLOTH

Welcome to the wacky world of Kula Cloth!

## Kula Cloth Pee cloth

Kula Cloth is the original antimicrobial pee cloth... intentionally and obsessively designed for wherever you „go“.

Your Kula Cloth has a one-sided antimicrobial silver coating, and the waterproof, clean back means no wet hands! The material is easy to clean and rinse, and dries quickly. Because Kula Cloth is antimicrobial, the cloth can be used multiple times a day without needing to be washed in between.

Kula Cloth can be attached to the outside of a backpack with a convenient double snap button, so it can be quickly folded up for cleanliness on the go.

With the woven-in reflective seam, you can quickly find your Kula Cloth at night with a headlamp!

Available in a wide range of funky designs:  
See more at [www.kulacloth.eu](http://www.kulacloth.eu)

So much more than just the best belay glasses!

## Recover

## Climbing world

**We only have one world. Let's take care of it together.**

As climbers, we share the responsibility of protecting and preserving climbing areas. The rocks, cliffs, and mountains we climb are not only beautiful, but also crucial to the delicate ecosystem. That's why at KletterRetter, we are passionate about reducing our impact on the environment and promoting sustainability wherever possible.

**Actions speak louder than words**

**We are doing our part in the fight against climate change by taking the following action:**

**PLANTING TREES**

We work together with non profit organisations to plant hundreds trees each year and reduce our CO2 footprint.

**CLEAN UP DAYS**

We organise and participate in various actions such as clean up days to keep our forests and crags clean.

**1.5 DEGREES**

We work with climate protection organizations to achieve the goal of making Germany climate-neutral by 2035 and complying with the 1.5-degree limit.

**LOCAL SUPPLIERS**

We work as much as possible with local suppliers to avoid unnecessary transport. Many of our products are produced in Germany or in the EU.

**PACKAGING**

We are constantly optimising our packaging to reduce or replace plastic and offer more environmentally friendly alternatives.

**RECYCLING**

We reduce packaging waste wherever possible. Our packaging is licensed so that the packaging we place on the market is disposed of and recycled properly.

**BEEES**

We support the protection and conservation of bees by making regular donations from the sales of beeswax-based products.

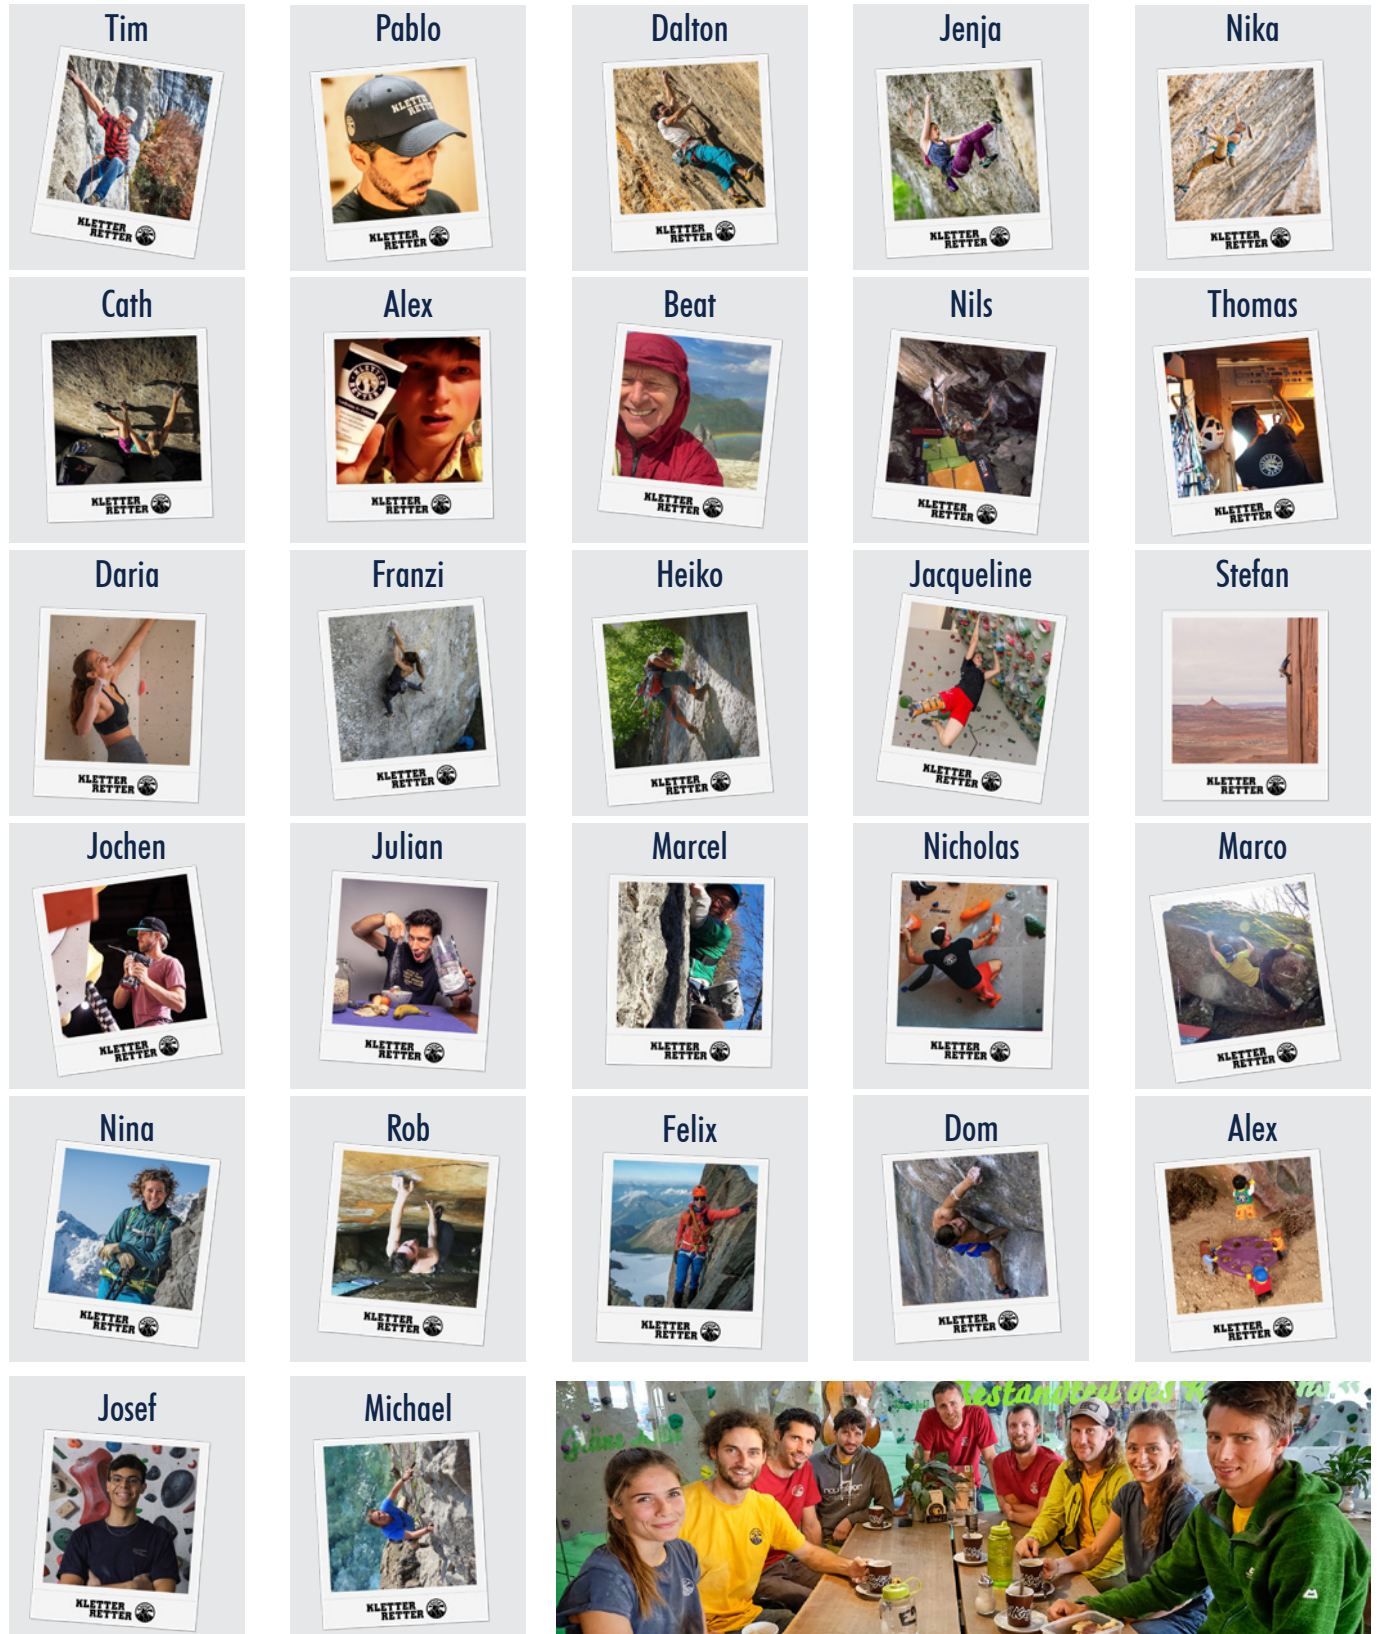

**SPREADING THE WORD**

We do our best to spread the word about change. If all of us just make a few small changes we can make a big difference together. #greenclimbing

## Meet our team!

Members of Team KletterRetter live our values as active members of the climbing community, creative ambassadors for climbing and enthusiasts for the environmental protection of our crags. We gladly sponsor these aspiring athletes that are an inspiration to all of us.
